EDUCATION

Degree/ Grade	Institution	Score
Bvoc Software Development	Ramanujan College	Pursuing
Senior Secondary	HBSE	94%
Secondary(High School)	HBSE	87%

Projects

→ PhoneBook

The purpose of this site is to save your data on cloud and access it from anywhere with the unique email id and password. You can save contact numbers and make diaries also. It is created using HTML, CSS, JS, React js, Node js, MongoDB and express js.

Link: phonebookarpan.netlify.app/

→ YouTube Clone

It is something like YouTube. Which fetch the data through Rapid API. It is purely ReactJs. It was just my practice to fetch the data through API and render it through different calls.

Link: <https://singhyoutube.netlify.app/>

→ Travel Blog

It is a travel blogging website. It has not much data to show but just for practice and entertainment I create this one. It is just for practice to create a layout using html and Css.

Link: <https://singhtour.netlify.app/>

→ Linkedin Clone

It is just the front page using pure Tailwind Css just for practice purposes.

Link: <https://singhlinkedin.netlify.app/>

→ Portfolio

It is my Portfolio using HTML, CSS, and Js.
